Subject:- Drugs Rules, 1945-Rule 109 (1) (a) -
Amendment of -.

Sw,

I am directed to say that it has been represented by the trade that in the case of certain drugs with very long proper names, specified in Schedule 'C' to the Drugs Rules, 1945, it would be difficult to print the proper name and the proprietary name in equally bold letters as required in Rule 109 (1) (a) as it stands at present. The Government of India agree with their view and propose to amend the Central Drugs Rules in order to get over the difficulty. A copy of a draft notification containing the proposed amendment to the Central Rules is attached. I am to enquire whether the Provincial Government agree to the Drugs Rules Technical Advisory Board being consulted for the purpose of making an amendment on these lines in the Provincial Drugs Rules. If the Provincial Government agree, the Central Government will consult the Drugs Technical Advisory Board on behalf of itself and the Provincial Government and communicate to the Provincial Government the views of the Board. Further action for the amendment of the Central and Provincial Rules can be taken after the views of the Drugs Technical Advisory Board are obtained. The favour of a very early reply is requested.
